

KISII UNIVERSITY COLLEGE
FACULTY OF INFORMATION SCIENCES AND TECHNOLOGY
DEPARTMENT OF COMPUTING SCIENCES
COMP315 Emerging Technologies in Computing
ASSIGNMENT 2

INSTRUCTIONS

Just Do It.

The first two papers given for review were:

- Artificial Intelligence-Powered Cyber Attacks: Adversarial Machine Learning
- Harnessing Artificial Intelligence for Cybersecurity in Healthcare and Food Processing: A Review of Emerging Trends and the Role of Generative Models like ChatGPT

Select one of these papers for your review. Submit a 2-page review of your selected paper where you review the content and also highlight your opinions. Cover page and other attachments are not included in the page count.

The link for submitting is: <https://elearning.kisiiuniversity.ac.ke/course/view.php?id=3075>

Then click on: **COMP315 Assignment 2**

This assignment is due on the 15th October 2025 at 5:00 PM

NOTE:

- Include your name and registration number in each file that is submitted
- Submit to the Instructor via LMS
- Address all LMS technical issues before the deadline
- Do not deviate from the instructions
- Observe the deadline - There will be no makeups
